## Quarterly News of the Tribal Action Plan

August 2021

The TAP staff works with the Tribal Coordinating Committee (Various departments throughout the Organization) to update the goals and objectives for the TAP. We have monthly meetings with the subcommittees to work on objectives to achieve these goals. The TAP staff is here to create awareness for the Oneida community on the drug epidemic and to make sure that we are all working together towards the same goal.

### Tribal Action Plan Goals:

Goal 1: Raise the awareness of the drug and alcohol epidemic in our community

Goal 2: Increase access and bring awareness of the services relevant to alcohol and drugs

Goal 3: Develop and establish a comprehensive youth development, prevention, and intervention strategy

Goal 4: Create and implement a comprehensive justice system that includes a Wellness Court and a rehabilitative corrections system

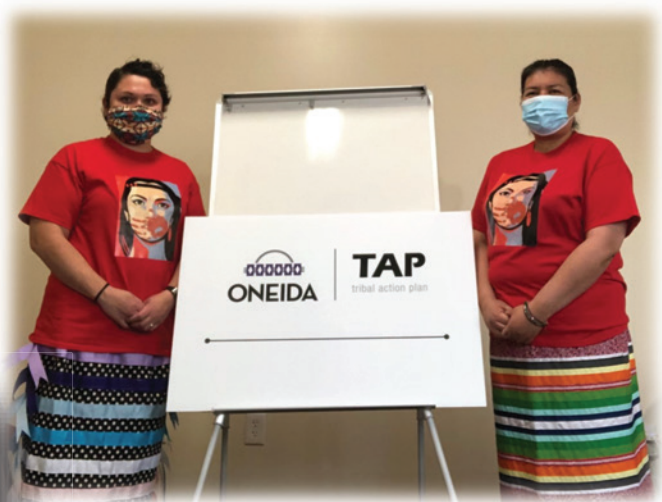

Goal 5: Create healing spaces that accommodate the community's need to include a Sober Gathering Place, Transitional Sober Living and Yukyuniyostakhwahake Wellness Campus in our community.
